MANAGING OUR INFORMATION SAFEGUARDS

**Your Computer Is Infected with Malware!  
Click here to purchase recommended  
anti-virus software!**

**It's A Trap!**

**Don't click on pop-up ads that advertise anti-virus or anti-spyware programs.**

If you are interested in a security product, don't try to access it through a pop-up ad; contact the retailer directly through its homepage, retail outlet or other legitimate contact methods.

**Don't download software from unknown sources.**

Some free software applications may come bundled with other programs, including malware.
